Vaishali Pharma Ltd.

Healthy Healthcare Solutions.....!

We at Vaishali Pharma have been providing services for more than 35 years. We began with the API business and, through steady growth, successfully expanded into finished formulations. We are also proud to share that Vaishali Pharma Limited has acquired Kesar Pharma Ltd., thereby adding a manufacturing facility that has significantly enhanced our production capabilities.

Vaishali Pharma Limited has established itself as a trusted, one-stop pharmaceutical partner for global importers, distributors, and healthcare organizations in more than 45 countries. We offer competitive prices across various categories, including formulations, nutraceuticals, surgical products, and a wide range of healthcare solutions.

Our expertise is also reflected in our extensive global marketing network, which has been developed through partnerships with leading pharmaceutical marketing specialists worldwide.

BUSINESS ETHICS

Our VAISHALIANS Code of Conduct provides a strong framework for ethical business practices across our organisation.

It translates our corporate values – Integrity, Customer Focus, Innovation, Passion and Adaptability – into consistent actions by guiding us in addressing and resolving ethical dilemmas and compliance issues in our daily work.

As a healthcare company committed to high ethical standards, we take responsibility for our actions. Our Code of Conduct helps us uphold this responsibility and extend these principles across our organisation.

CUSTOMER FOCUS

We strive to exceed our customers' expectations by offering competitive products and services. To truly understand their needs, we believe in building strong partnerships and maintaining open dialogue.

IN-TIME DELIVERY

We understand the importance of meeting lead times in the pharmaceutical export business.

Hence, we have established a well-designed supply chain management system that enables us to ensure timely deliveries. This commitment has helped us expand our customer base and build long-standing business relationships over the years.

These products are developed with successful Bioequivalence studies and meet the required regulatory standard
